

TEXTILE BEARINGS APPLICATIONS

RMP BEARINGS LIMITED, RANPUR

PRODUCTS MADE WITH PRECISION AND PASSION

ABOUT RMP BEARINGS LTD.

In 1978 RMP Bearings Co. was established. Initially the production of Thrust Bearings was started.

In 1983 Special type of Textile Bearings production was started. In just 1 year of installation.(In 1984) Bearings were approved by Textile giant Lakshmi Machine Works Ltd. Coimbatore.

In 1986 Clutch release bearing & Single Row Deep Groove Ball Bearings were developed, for Auto OE industries. In next decade RMP started to supply auto bearings to Auto industries. As one after another to its OE supplier.

In 1990 RMP Started exporting Thrust Bearings.

In next two decade RMP added wide range of Automobile bearings & components. For OE as well as after market replacement, along with steering races & cages for Auto OE industries.

RMP was the first company in India to manufacture sheet metal yokes (6-8 mm) for Universal Joint Steering Columns, for Hyundai Motor through Sona Koyo Steering Systems Ltd. as tire II supplier for their Indian & Export market. As well as Nexteer Automotive Corporation(US), for there local and export requirements.

Major focus of RMP was to continuous growth, with Quality & Customer satisfaction with involvement of all employees.

RESEARCH & DEVELOPMENT

RMP'S R & D centre is dedicated to being a development partner for its clients. We aim to form a symbiotic relationship with our clients & become their thinking partners to find creative & innovative answer to engineering & technical requirements.

RMP'S reputation and performance is built on the foundation of its vast experience in design, engineering & technical developments. RMP'S constant growth has been characterized by it's in house ideas and innovations.

Innovative ideas are put into realization by a process of design, prototyping, testing validation & serial production. These projects are managed in an integrated approach by skilled project managers which forms and integral part of managing activities of each project, its requirement, progress & solutions.

Our Steering Column Bearings were approved by Sona Koyo Steering Systems Ltd. through their Japanese technical colobration.

RMP was awards ISO 9002 certificate by TUV in 1998. QS 9000 certificate was awards by TUV in Oct.2002 & final ISO:TS:16949 was given Oct.2008 & till date it is continued.
